IMPORTANT

This envelope contains ownership and warranty information

(see other side)

Dear Customer,

Please read the following instructions carefully:

1. This envelope contains a label which must be affixed to the bottom of your telephone equipment in such a manner as to cover the "Bell System Not For Sale" marking, as applicable. This label provides your proof of ownership and must appear on the base of your telephone equipment in order to qualify for warranty service.

2. This envelope also contains items of information regarding your telephone equipment. This information supersedes any similar information that was packed with your telephone equipment.

3. This telephone equipment is YOUR property. Upon expiration of the limited Warranty, repair of the telephone equipment will be your responsibility. You will be charged for any repairs not covered by the Limited Warranty.
